1. Introduction

1.1 Scope of the consultation

1.1.1 Overview

Council endorsed the Draft Boronia Park Plan of Management (PoM) for consultation in December 2014. It was placed on public exhibition from 15 December 2014 until 27 March 2015, with council accepting submissions until the end of March.

Council officers notified the community that the Draft Boronia Park PoM was on public exhibition in the following ways:

- Pre exhibition advertising and notifications on Council's website, in the local newspaper and the community newsletter.
- Distribution of email notification to interested registered residents.
- Email notification to stakeholders.
- Hard copy distribution of an information leaflet to local residents within 500m of Boronia Park.
- Onsite advertisements noting public exhibition.

1.1.2 Information available online

During public exhibition, Council's website was used to advertise the Public Exhibition of the Draft PoM and request submissions. The Draft Plan of Management was available as a download on Council's Website during the public exhibition period from December 2014 to end of March 2015.

1.1.3 Notification of stakeholders and the local community

During the public exhibition phase a hard copy notification was hand delivered to local residents within 500m of Boronia Park. This notice advised the public exhibition dates and how to provide feedback. Additional to the Draft PoM being available online, printed hard copies were also available at both the Gladesville Library and Council Customer Services desk.

1.2 Participation

During the public exhibition phase a total of 536 submissions were received. This included:

- 522 submissions from individuals
- 12 submissions from clubs and organisations associated with the park
- 2 petitions from the same group, one with 12 signatures and the other with 91 signatures

2. Overview of the consultation outcomes

2.1 Submissions from individuals

During the public exhibition phase a total of 522 submissions were received from individuals, in the form of letters and emails. Some of the letters and emails were based on proformas distributed to the community by clubs and organisations.

Below is a list of the top ten most frequently made comments/statements in the 522 submissions from individuals. For a full list of all comments made, the response to each of them and whether the comment results in a change to the Final PoM, refer to Section 4 of this report.

- Column [A] lists the number of the times the comment was made.
- Column [B] expresses the number as a percentage of the total number of submissions received from individuals.
- Column [C] is the comment

[A] No.	[B] % of 522	[C] Comment
277	53%	Pavilion (grandstand) building upgrades – support upgrades for community and sporting clubs use
271	52%	Drainage – improve drainage to ovals #1 and #2
267	51%	Provide disabled parking access
242	46%	Integrated water management – support proposals for the collection and reuse of water on the site
241	46%	Turf and regrade oval #1
239	46%	Turf and resurface oval #2
214	41%	Community facility building – do not support any new building in the centre of the park
212	41%	Emergency vehicles - provide emergency vehicle access to organised sporting facilities.
207	40%	Boronia Park is a highly valued place for everyone to enjoy
197	38%	Community facility building – support new community facility building between ovals #2 and #3 with expanded facilities beyond those proposed in the PoM.

2.2 Submissions from clubs and organisations

A total of 12 written submissions were received at Council from clubs and organisations during the public exhibition phase. The written submissions were received from the sporting clubs based at Boronia Park, along with other user groups including environment and informal recreation groups.

The submissions were highly detailed and are summarised in Section 3 of this report, along with responses to each issue and whether this results in a proposed change to the Final PoM.

Written submissions were received from the following 12 clubs and organisations:

Organised sport

- Hunters Hill Rugby Union Football Club
- Sydney Junior Rugby Union
- All Saints Hunters Hill Soccer Club
- New South Wales Rugby
- Australian Rugby
- Ryde Hunters Hill Cricket Club

Informal recreation

- Bike North

Informal use and environment

- St Joseph's College
- The Hunters Hill Trust
- Friends of Boronia Park
- Ryde-Hunters Hill Flora and Fauna Preservation Society
- International Environmental Weed Foundation

2.3 Petitions

Two petitions were received at Council during the public exhibition phase in relation to kayaking at Boronia Park. One petition was signed by 12 people and the second was signed by 91 people, with a total of 103 people signing the petitions.

For a full list of all comments made, the response to each of them and whether the comment results in a change to the Final PoM, refer to Section 5 of this report.

2.4 Proposed changes to the PoM based on the consultation outcomes

The feedback received is detailed and has provided valuable information regarding some of the recommendations in the Draft PoM. After review of this feedback, some proposed changes are recommended to the final PoM based on the feedback and information supplied.

3. Submissions from clubs and organisations

Overview

A total of 12 written submissions were received from sporting clubs, community, agencies and community organisations.

3.1 Hunters Hill Rugby Union Football Club (HHRUFC)

No.	Summary of submission	Response
3.1.1	HHRUFC are one of the oldest rugby clubs in living association with Boronia Park, encouraging active participation in sport.	Noted.
3.1.2	Lack of consideration of HHRUFC submission during the first phase of consultation.	The HHRUFC submission was considered in the preparation of the Draft PoM, and HHRUFC participated in a sporting group stakeholder workshop during the Draft PoM preparation, where the club's issues and needs were presented. Written submissions from a range of stakeholders and individuals were reviewed and assessed to inform the Draft PoM. The Draft PoM actions provide a balance of the issues and opportunities noted within written submissions, questionnaires, and further submissions/information gained during the consultation phase.
3.1.3	Removal of 2002 PoM items concerning active sport usage.	The Draft PoM is intended to replace the 2002 PoM, and is based on the current legislative policies related to the site, the current site conditions and needs, and submissions gained from the stakeholder/community consultation phase.
3.1.4	Draft PoM does not follow council's stated objective of "encourage, promote and facilitate organised sport".	In the Local Government Act 1993 (LGA), the core objectives pertaining to community land categorised as 'Sportsground' (refer 1.4.2a in the Draft PoM) state: "to encourage, promote and facilitate recreational pursuits in the community involving organised and informal sporting activities and games". The Draft PoM has responded to this core objective of the LGA. No change
3.1.5	Facilities described in Draft PoM amenity block between oval #2 and #3 do not satisfy the requirements of HHRUFC. Concerned that the facility as proposed will not adequately cater to the number of players required to use both ovals. Request the facility includes 4 change rooms, canteen, in addition to a storage room and toilets.	As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would be subject to a detailed design phase which would require consultation with the council and sporting clubs to ensure the amenity block suitably reflects the needs of these groups, and the local community. Proposed change: given the comment raised about the amenity block, it is proposed that the PoM is amended to remove specifics regarding the internal facilities of the amenity block and note the following action: "Council to consult with clubs regarding the potential installation of an appropriately sized amenity block adjacent to oval #3. Appropriately sized, single storey building is to be sensitively designed located for least visual impact, low maintenance"

No.	Summary of submission	Response
		<p><i>and apply best practise ESD principles. Informal carpark is to be removed in this area, with maintenance/emergency/disabled vehicle access and maintenance/emergency/disabled parking only to the proposed amenity block during home game days, designated organised sporting group training times and sporting/community events only. Development Application (DA) and Construction Certificate (CC) is required for the amenity block prior to construction, and consultation is required with the local community prior to lodgement of the DA.”</i></p>
3.1.6	<p>Include the community facility as a second storey to the proposed amenity block for community and club use, as noted in 2002 PoM.</p>	<p>In preparation of the Draft PoM, and consideration of the community and stakeholder consultation phase findings, the community needs do not require a community facility in this area of the park given the potential impacts on the social, aesthetic and environmental values of the site. Upgrades of the existing pavilion (grandstand) building (refer 3.1.21 below) would fulfil the requirements of the community and stakeholders.</p> <p>No change</p>
3.1.7	<p>Provide access road and carpark (for 50 cars and disabled parking) to oval #3, which can be closed when not in use. Vehicle access requested to the change and storage facility for transporting equipment and to provide disabled access.</p>	<p>As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would have provision for service vehicles maintenance access only.</p> <p>Proposed change: <i>the proposed change is to allow for vehicular access along Princes St (up to the junction of oval #2 and #3) during home game days, designated organised sporting group training times and sporting/community events only, and installation of permeable perpendicular WSUD parking along the southern side of the road during these events, would be subject to consultation with the local community/sporting groups and detailed design (refer 3.1.12 below) to determine carparking capacity needs. Informal carpark is to be removed between oval #2 and #3, with maintenance/emergency/disabled vehicle access and maintenance/emergency/disabled parking only to the proposed amenity block. These works would require preparation of a Review of Environmental Factors (REF) prior to construction.</i></p>
3.1.8	<p>Install subsurface drainage to oval #1, #2 and #3 to resolve playing field drainage issues, and capture and re-use of water to irrigate playing fields.</p>	<p>As noted in the action plan (refer 2.1 in the Draft PoM), an Integrated Water Management Plan has been recommended to review the subsurface drainage of oval #3, and report on site wide integrated water quality, control and harvesting (for re-use) recommendations.</p> <p>Proposed change: <i>recommendation for Integrated Water Management Plan will be amended to also note review of subsurface drainage of oval #1 and #2.</i></p>
3.1.9	<p>Disagree with issues/recommendations noted in PoM for oval #3 embankment bank instability, and low success rate of bank planting.</p>	<p>The issues described within the action plan (refer 2.2 in the Draft PoM) regarding the stability and planting success of the embankment adjacent to oval #3 are based on inspections of the embankment by council and their consultants, and written submissions to council.</p> <p>No change</p>
3.1.10	<p>Erosion concerns related to oval #3 embankment can be resolved when oval #3 subsurface</p>	<p>The issue described within the action plan (refer 2.2 in the Draft PoM) regarding erosion of the embankment adjacent to oval #3 are based on inspections of the embankment by council and their consultants, and written submissions to</p>

No.	Summary of submission	Response
	drainage installed.	council. The bank erosion will be assessed and resolved as a separate matter to the subsurface drainage, which is subject to the availability of council funds, and may not be resolved in the short to medium term. No change
3.1.11	Support viewing lookout, located above cliff area on western side of oval #3, with capacity of about 70 spectators.	As noted in the action plan (referrer 2.2 in the Draft PoM), the viewing and seating lookout is intended to provide greater appreciation of the broader site views for the local community. Elevated viewing for large groups watching rugby games can be achieved from the existing escarpment No change
3.1.12	Princes Street gate should be open at all times to provide access to carpark at oval #3, including emergency vehicle areas.	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, open space, recreational experience, and the adjacent Endangered Ecological Community (EEC). Emergency vehicle access could be provided across oval #2 via the Park St carpark, or through unlocking the Princes St gate, and is not dependant on Princes St being opened at all times. Proposed change: given the comments raised about parking in the local area (during home game days and sporting/community events) in the public exhibition of the draft, it is proposed that the PoM is amended to allow for vehicular access along Princes St (up to the junction of oval #2 and #3) during home game days, designated organised sporting group training times and sporting/community events only, with Park St locked gate to be opened and closed by council officers only, installation of permeable perpendicular WSUD parking along the southern side of the road only, and installation of vehicle exclusion barriers to the road edges .Informal carpark is to be removed in this area, , with maintenance/emergency/disabled vehicle access and maintenance/emergency/disabled parking only to the proposed amenity block. These works would require preparation of a Review of Environmental Factors (REF) prior to construction.
3.1.13	Princes Street should have parking along its length.	The PoM does not suggest parking along the length of Princes St, and proposes investigation to improve overflow parking capacity near oval #2 (refer 1.3 in the Draft PoM). Proposed change: refer 3.1.7 and 3.1.12 above.
3.1.14	Annual assessment of playing surface and growing medium on ovals #1, #2 and #3 is required	The Draft PoM has not commented on the issue of playing field surface condition assessment in detail. Proposed change: it is proposed that the PoM is amended to note council's annual assessment and of all ovals is to continue.
3.1.15	Oval #1 and #2 complete resurfacing within 2 years, with oval #1 requiring laser levelling.	Council's annual assessment will make recommendations for requirements and timing in regards to resurfacing and levelling, subject to available funding and prioritisation as outlined in council's Delivery and Operations Plan. Proposed change: refer 3.1.14 above.
3.1.16	Increase the priority to the following: upgrade lighting on oval #1 and #2 in accordance with Australian Standard 2560.2.3 – 2007 to improve field	The action plan (refer 2.1 in the Draft PoM) notes existing lighting is to be assessed for efficiency, and higher efficiency lighting technology solutions are to be implemented. The existing lighting of oval #1 and #2 was upgraded by council in early 2015 to improve field lighting.

No.	Summary of submission	Response
	lighting.	Proposed change: PoM will be updated to note completion of works by council to improve existing field lighting in early 2015.
3.1.17	Replace lighting on oval #1 and #2 in accordance with Australian Standard 4282 – 1997 to control light spill.	The action plan (refer 2.1 in the Draft PoM) notes that light spill into surrounding bushland areas is to be considered. The existing lighting of oval #1 and #2 was upgraded by council in early 2015 to reduce light spill. Proposed change: PoM will be updated to note completion of works by council to reduce light spill from existing lighting in early 2015.
3.1.18	Provide new lighting to oval #3.	The action plan (refer 2.1 in the Draft PoM) notes any new lighting within Boronia Park (including oval #3) would be subject to further consultation, council assessment, and detailed design to determine requirements, feasibility, etc. Proposed change: Given comments received, the PoM action plan will be updated to note that a development Application (DA) is required for any new lighting within Boronia Park.
3.1.19	Undertake urgent repairs/refurbishment of fencing around oval #1.	The action plan (refer 2.1 in the Draft PoM) notes maintenance repairs are required to the boundary fence of oval #1. Council have begun works to repair the oval #1 fencing in early 2015, and will complete works in a staged approach. No change
3.1.20	Council to negotiate with HHRUFC regarding long term tenure and for the use of Boronia Park.	Negotiations regarding long term tenure for use of the park by a sporting club are beyond the scope of the PoM. No change
3.1.21	Support upgrades to the existing pavilion (grandstand), and recommend extending the facility to include a community space.	This comment supports the action plan recommendations to upgrade the existing pavilion (grandstand) building (refer 2.1 in the Draft PoM). Proposed change: pavilion (grandstand) recommendations will be amended to note meeting room would be sized and coordinated for use by sporting clubs and the local community.
3.1.22	Support strategies and actions regarding bushland management, and believe active sports area upgrades are complementary to these.	This comment supports the recommendations to the bushland management zone (refer section 4.5.1 in the Draft PoM). No change
3.1.23	Increase the priority for provision of interpretive signage within park to assist to raise awareness of visitors about the cultural and historic park values.	Preparation of a signage strategy is recommended in the action plan (refer 1.4 and 3.3 in the Draft PoM). No change

3.2 Sydney Junior Rugby Union (SJRU)

No.	Summary of submission	Response
3.2.1	Boronia Park fields have been	Noted.

No.	Summary of submission	Response
	used for many years for junior rugby.	
3.2.2	Wish to use ovals #1, #2 and #3 for three day regional tournaments in the future, which requires adequate provision of amenities and facilities. Concerned the amenity block as proposed will not adequately meet demands of rugby events, effecting HHRUFC and local businesses.	Proposed change: refer 3.1.5 and 3.1.21 above.
3.2.3	Concerned about potential downgrade of maintenance for the playing fields.	The Draft PoM proposes no downgrading of the maintenance for the playing fields. Proposed change: refer 3.1.14 above.

3.3 International Environmental Weed Foundation (IEWF)

No.	Summary of submission	Response
3.3.1	Support majority of the proposals in the Draft PoM, and believe it offers a reasonable outcome for all interested parties.	Noted.
3.3.2	Concerned PoM will be amended without further consultation.	Significant changes to the Draft PoM would require the PoM to be re-exhibited to the public. No change
3.3.3	Upgrade of existing pavilion (grandstand) amenity facilities preferred. If new building required, should be similar to the size, amenity and function of the recent Riverglade Reserve toilets. If new building is required, additional consultation mandatory.	Comment gained from the sporting club stakeholders during the consultation and exhibition phase informed the requirement and location of the amenity block, which has been centrally located within the active sporting area. As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would be subject to a detailed design phase which would require consultation with the council and sporting clubs regarding the amenity of the facility to reflect the needs of these groups, and the local community. Proposed change: refer 3.1.5 above.
3.3.4	European Heritage and Land Use section of PoM to note bush regeneration and voluntary bushcare historic works within Boronia Park.	Noted. Bush regeneration and voluntary bush care is an important part of the history of the site which helped shape the current condition of the bushland within Boronia Park. Proposed change: a description of the bush regeneration and voluntary bushcare history within the park will be included in section 2.5.2 European Heritage and Land Use.
3.3.5	Existing lighting of fields and facilities adequate, but requires upgrade to reduce light spill. Additional lighting should not be considered due to impact on	The existing lighting of oval #1 and #2 was upgraded by council in early 2015 to reduce light spill. The action plan (refer 2.1 in the Draft PoM) notes any new lighting within Boronia Park would be subject to further consultation, council assessment, and detailed design to determine requirements,

No.	Summary of submission	Response
	native fauna.	feasibility, etc. Proposed change: PoM will be updated to note completion of works by council to reduce light spill from existing lighting in early 2015. Given comments received, the PoM action plan will be updated to note that a development Application (DA) is required for any new lighting within Boronia Park.
3.3.6	Princes Street should remain locked, defining the boundary between bushland and active sporting fields. Allowing cars into the park would detract from the recreational experience.	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, recreational experience, open space, and the adjacent Endangered Ecological Community (EEC). Proposed change: given the comments raised about parking in the local area (during home game days and sporting/community events) in the public exhibition of the draft, it is proposed that the PoM is amended to allow for vehicular access along Princes St (up to the junction of oval #2 and #3) during home game days, designated organised sporting group training times and sporting/community events only, with Park St locked gate to be opened and closed by council officers only, installation of permeable perpendicular WSUD parking along the southern side of the road only, and installation of vehicle exclusion barriers to the road edges. Informal carpark is to be removed in this area, with maintenance/emergency/disabled vehicle access and maintenance/emergency/disabled parking only to the proposed amenity block. These works would require preparation of a Review of Environmental Factors (REF) prior to construction.
3.3.7	Any enhancements undertaken within a defined zone of the park should not impact other zones, and should be subject to relevant planning applications, environmental assessments and community consultation.	Any future works within Boronia Park that is a sufficient change in land use would be subject to the Development Application (DA) and Construction Certificate (CC) processes, which include environmental assessment and public exhibition. No change
3.3.8	Support no parking in Princes Street, which provides safe pedestrian access to the lower bushland areas.	Proposed change: refer 3.3.6 above.
3.3.9	Do not support turning circle on Princes St due to potential drainage impacts on adjacent bushland.	Turning circle not required. Two way road provides sufficient space for three-way turn when vehicle access is permitted into Princes St (during home game days, designated organised sporting group training times and sporting/community events only). Proposed change: refer 3.3.6 above.
3.3.10	Community consultation required for proposed bushland circle loop track.	This comment supports the action plan recommendation (refer 3.3 in the Draft PoM) for a bushland looped walking track. Proposed change: refer 3.3.7 above.
3.3.11	Incorrect cross-reference in the action plan to 1.4 should refer to 1.1.	Noted. Proposed change: PoM will be updated to amend this incorrect cross-reference.
3.3.12	Section 1.4.2 should be updated to note Aboriginal objects are	Noted. Proposed change: PoM will be updated to describe the

No.	Summary of submission	Response
	protected under The National Parks and Wildlife Act 1974.	<i>relevant legislative (National Parks and Wildlife Act 1974) for protection of Aboriginal objects in section 1.4.2 in the Draft PoM.</i>
3.3.13	Minor typing error in section 2.3. "Borders" to be corrected to "boarders".	Noted. Proposed change: <i>PoM will be updated to amend this typing error.</i>
3.3.14	Section 2.5.1 should define AHIMS.	Noted. Proposed change: <i>section 2.5.1 and glossary in the Draft PoM will be updated to define AHIMS acronym.</i>
3.3.15	Section 2.5.1 should describe Aboriginal use of the area.	Noted. Aboriginal use of the site is an important part of the history of Boronia Park. Proposed change: <i>a brief description of Aboriginal use within the park will be included in section 2.5.1 Indigenous Heritage in the Draft PoM.</i>
3.3.16	Section 2.6 should detail key threatening processes as noted in section 1.4.2d.	Noted. The threatening processes relating to the threatened species within Boronia Park were not described in the Draft PoM. Proposed change: <i>a brief description of the threatening processes within the park will be included in section 2.6 Site Characteristics in the Draft PoM.</i>

3.4 Bike North

No.	Summary of submission	Response
3.4.1	Include bike parking rails near the pavilion (grandstand), playgrounds and picnic facilities.	The action plan (refer 3.1 in the Draft PoM) notes bike parking facilities are to be implemented in select locations within Boronia Park. Proposed change: <i>description regarding bike parking will be expanded to provide further detail about proposed locations for bike parking rails.</i>
3.4.2	Public toilets behind pavilion (grandstand) to remain open from sunrise to sunset.	The public toilets behind the pavilion (grandstand) are opened and closed by automatic gate from sunrise to sunset. No change
3.4.3	Install drinking fountain and water bottle filling facility near existing tap behind pavilion (grandstand).	Drinking fountains were not proposed in the Draft PoM. The location of drinking fountains/water bottle stations is beyond the scope of the PoM, and would be part of council's prioritisation and implementation of park infrastructure within the municipality. Proposed change: <i>The PoM will be amended to note that additional drinking fountains are to be provided at key locations within the park.</i>
3.4.4	Install circuitous bike route, separate from walking trails, around the open space area at the junction of Park Rd and High St.	A bike route in this location was explored during preparation of the Draft PoM. On consideration of the comments gained from the stakeholders during the consultation and exhibition phase, the community do not require a bike route in the location given the potential impacts on the social, aesthetic

No.	Summary of submission	Response
		and environmental values of the site. No change.
3.4.5	Princes Street should be shared use trail from the locked gate at the round-a-bout down to the river.	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, open space, recreational experience and the adjacent Endangered Ecological Community (EEC). Proposed change: <i>The PoM will be amended to note that Princes St will be opened during home game days, designated organised sporting group training times and sporting/community events only (refer 3.1.12 above). This amendment will note that Princes St will be signed as a shared use trail when not used for vehicular traffic, and a suitable route will be incorporated into the road design down to the river edge.</i>
3.4.6	Install cycling logos on Princes St, High St and Park Rd to alert vehicles to presence of cyclists near the park.	This level of detail is beyond the scope of the PoM, and the road is beyond the PoM study area. These works would be part of council's prioritisation and implementation of road infrastructure within the municipality. No change
3.4.7	Support the installation of picnic facilities, particularly by the river edge, which would need to be well maintained.	This comment supports the action plan recommendations regarding the installation of additional picnic facilities within the park (refer 3.1 in the Draft PoM). No change

3.5 St Joseph's College

No.	Summary of submission	Response
3.5.1	Boronia Park is a valued resource for many St Joseph's College students for active and passive recreation, and appreciation of the natural and environmental heritage.	Noted.
3.5.2	Support concept of appropriately accessible toilet and change room facility located centrally within active sports area.	This comment supports the action plan recommendations regarding provision of a small amenity block between oval #2 and oval #3 (refer 2.1 in the Draft PoM). Proposed change: <i>further detail will be provided in the PoM regarding the internal facilities and design process for the amenity block (refer 3.1.5 above).</i>

3.6 All Saints Hunters Hill Soccer Club (ASHHSC)

No.	Summary of submission	Response
3.6.1	ASHHSC growth presents	Noted.

No.	Summary of submission	Response
	challenges to securing adequate playing space due to limited suitable fields within HHC area, and limited resources of council.	No change
3.6.2	Hunter's Hill Council Outdoor Sport and Recreation Plan (HHCOSRP) 2013 accurately describes council relying on local sporting club culture of 'self help' in regards to sporting field upgrades due to limited council resources.	Noted. No change
3.6.3	ASHHSC have great respect for HHRUFC, and note it is an extremely well run club.	Noted. No change
3.6.4	ASHHSC played soccer on ¾ size field on oval #3 every Saturday morning during winter prior to reconstruction of this field. ASHHSC was evicted from Boronia Park when oval #3 was decommissioned, without provision of additional junior playing field to replace the loss.	Noted. No change
3.6.5	Support PoM objective for the active recreation management zone.	This comment supports the Draft PoM active recreation management zone objective. No change
3.6.6	HHC to introduce sports ground booking system that gives priority to long term active sporting clubs within the municipality.	Coordination of a council wide sportsground booking system is outside the scope of the PoM. No change
3.6.7	Ground sharing to be introduced to oval #3.	Ground sharing of oval #3 would be subject to further investigations regarding capacity, as noted in the Hunter's Hill Council Outdoor Sport and Recreation Plan (HHCOSRP) 2013 No change
3.6.8	Support HHCOSRP recommendation for all HHC grounds to be hired, not leased by clubs.	Recommendations regarding the hiring and leasing of HHC sportsgrounds is outside the scope of the PoM. No change
3.6.9	HHC to consult with sporting clubs to resolve drainage issues at oval #3.	As noted in the action plan (refer 2.1 in the Draft PoM), an Integrated Water Management Plan has been recommended to review the subsurface drainage of oval #3, and report on site wide integrated water quality, control and harvesting (for re-use) recommendations. Proposed change: <i>considering the comments gained during the public exhibition period from the sporting group stakeholders, the recommendation for an Integrated Water Management Plan will be amended to also note review of subsurface drainage of oval #1 and #2.</i>
3.6.10	Support discrete amenity	As noted in the action plan (refer 2.1 in the Draft PoM), the

No.	Summary of submission	Response
	building between oval #2 and #3, similar to the new Riverglade Reserve toilets, but ideally with some additional storage capability.	amenity block would be subject to a detailed design phase which would require consultation with the council and sporting clubs regarding the amenity of the facility to reflect the needs of these groups, and the local community. Proposed change: refer 3.1.5 above.
3.6.12	Support the HHCOSRP long term aspiration for Boronia Park to be a premier sporting venue.	Noted. No change
3.6.12	HHC to actively pursue securing additional land/sharing open space resources to increase sports ground capacity.	Recommendations regarding council securing additional land for sporting use are outside the scope of the PoM. No change
3.6.13	Support recommendation for user pays lighting system.	This comment supports the action plan recommendation for council to coordinate and enforce a “use pays” lighting system (refer 2.1 in the Draft PoM). No change
3.6.14	Support HHCOSRP recommendation for the establishment of a sporting advisory committee.	Coordination of sporting advisory committee is outside the scope of the PoM. No change
3.6.15	Support recommendation for amendments to existing lighting to implement more efficient lighting, and to reduce light spill on neighbouring properties.	Proposed change: refer 3.3.5 above.
3.6.16	Support upgrades to the existing pavilion (grandstand), with suitably sized meeting room for equal access by all sporting clubs.	Proposed change: refer 3.1.21 above.
3.6.17	Support recommendation for installation of exercise equipment for the benefit of the whole community.	This comment supports the action plan recommendation for provision of outdoor exercise (refer 3.1 in the Draft PoM). No change

3.7 New South Wales Rugby

No.	Summary of submission	Response
3.7.1	Considers Boronia Park a critical piece of Sydney’s sporting infrastructure.	Noted.
3.7.2	HHRUFC and Boronia Park are historically associated with Rugby Union in Sydney, and HHRUFC are a major supporter of both junior and senior rugby development.	Noted.
3.7.3	Boronia Park playing fields are viewed as a significant rugby resource, and any downgrading	The Draft PoM proposes no downgrading of the playing fields facilities, or limiting access to the playing fields.

No.	Summary of submission	Response
	of the sporting facilities, or limiting access, would negatively impact rugby users in the local area.	No change
3.7.4	Reinstate amenity block and community facility at oval #3 as per the 2002 PoM including 4 change rooms, storage, canteen and disabled access.	Proposed change: refer 3.1.5 and 3.1.6 above.
3.7.5	Provide vehicular access and parking along the entire length of Princes Street, during daylight hours, sporting sessions, game days or as required.	Proposed change: refer 3.1.13 above.
3.7.6	Provide access road and carpark (for 40 cars and disabled parking) at junction of oval #2 and #3.	Proposed change: refer 3.1.7 and 3.1.12 above.
3.7.7	Oval #1 and #2 complete resurfacing within 2 years, with oval #1 requiring laser levelling.	Proposed change: refer 3.1.15 above.
3.7.8	Install subsurface drainage to oval #1 and #2 to resolve playing field drainage issues, and capture and re-use of water to irrigate playing fields.	Proposed change: refer 3.1.8 above.
3.7.9	Provide new lighting to oval #3, which does not spill into neighbouring houses.	Proposed change: refer 3.1.18 above.
3.7.10	Council to negotiate with HHRUFC regarding long term tenure and for the use of Boronia Park.	Negotiations regarding long term tenure for use of the park by a sporting club are beyond the scope of the PoM. No change

3.8 Australian Rugby

No.	Summary of submission	Response
3.8.1	HHRUFC help ensure the success of rugby, and the benefits it brings its participants.	Noted.
3.8.2	Note health and social benefits of sports participation.	Noted.
3.8.3	HHRUFC one of Australia's oldest and most prestigious clubs, and Boronia Park is an important resource providing a fantastic venue for training and hosting matches.	Noted.
3.8.4	Boronia Park playing fields are viewed as a significant rugby	The Draft PoM proposes no downgrading of the playing fields facilities, or limiting access to the playing fields.

No.	Summary of submission	Response
	resource, and any downgrading of the sporting facilities, or limiting access, would negatively impact rugby users in the local area.	No change
3.8.5	Reinstate amenity block and community facility at oval #3 as per the 2002 PoM including 4 change rooms, storage, canteen and disabled access.	Proposed change: refer 3.1.5 and 3.1.6 above.
3.8.6	Provide vehicular access and parking along the entire length of Princes Street, during daylight hours, sporting sessions, game days or as required.	Proposed change: refer 3.1.13 above.
3.8.7	Provide access road and carpark (for 40 cars and disabled parking) at junction of oval #2 and #3.	Proposed change: refer 3.1.7 and 3.1.12 above.
3.8.8	Oval #1 and #2 complete resurfacing within 2 years, with oval #1 requiring laser levelling.	Proposed change: refer 3.1.15 above.
3.8.9	Install subsurface drainage to oval #1 and #2 to resolve playing field drainage issues, and capture and re-use of water to irrigate playing fields.	Proposed change: refer 3.1.8 above.
3.8.10	Provide new lighting to oval #3, which does not spill into neighbouring houses.	Proposed change: refer 3.1.18 above.
3.8.11	Council to negotiate with HHRUFC regarding long term tenure and for the use of Boronia Park.	Negotiations regarding long term tenure for use of the park by a sporting club are beyond the scope of the PoM. No change

3.9 The Hunters Hill Trust (HHT)

No.	Summary of submission	Response
3.9.1	Support direction of the Draft PoM, and believe it is well researched, written and illustrated.	Noted.
3.9.2	Concerned PoM will be amended to diminish the current direction of the PoM by alienating parts of the park from public use, opening and hardening parts of the park for vehicular access.	Written submissions gained from stakeholders and individuals during the public exhibition phase will be reviewed and assessed to inform the Final PoM. The Final PoM actions will provide a balance of the issues and opportunities noted within these written submissions. Changes to the Draft PoM deemed significant would require the PoM to be re-exhibited to the public. No change

No.	Summary of submission	Response
3.9.3	Recognise the rugby club has downgraded the amenity and community facility requirements, but believe the currently proposed facility would still represent a major change in use patterns of the park. Support discrete amenity building between oval #2 and #3, similar to the recent Riverglade Reserve toilets.	As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would be subject to a detailed design phase which would require consultation with the council and sporting clubs regarding the amenity of the facility to reflect the needs of these groups, and the local community. Proposed change: refer 3.1.5 above.
3.9.4	Support Draft PoM recommendation for council retaining control of the locked gate at Park St.	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, open space, recreational experience and the adjacent Endangered Ecological Community (EEC). Proposed change: given the comments raised about parking in the local area (during home game days and sporting/community events) in the public exhibition of the draft, it is proposed that the PoM is amended to allow for vehicular access along Princes St (up to the junction of oval #2 and #3) during home game days, designated organised sporting group training times and sporting/community events only, with Park St locked gate to be opened and closed by council officers only. Informal carpark is to be removed in this area, with maintenance/emergency/disabled vehicle access and maintenance/emergency/disabled parking only to the proposed amenity block.
3.9.5	Support Draft PoM recommendation for no carparking within Boronia Park.	The action plan (refer 3.2 in the Draft PoM) recommends no increase in carparking within Boronia Park, and proposes investigation to improve overflow parking capacity near oval #2 (refer 1.3 in the Draft PoM). Proposed change: given the comments raised about parking in the local area (during home game days and sporting/community events) in the public exhibition of the draft, it is proposed that the PoM is amended to allow for installation of permeable perpendicular WSUD parking along the southern side of Princes St only (up to the junction of oval #2 and #3) to protect the EEC to the northern side of the road, and installation of vehicle exclusion barriers to the road edges, with Park St locked gate to be opened and closed by council officers only. These works would require preparation of a Review of Environmental Factors (REF) prior to construction.
3.9.6	Understand vehicular access into the park is required for emergency vehicles, and at council's discretion.	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked, with traffic management by council. No change
3.9.7	Improve existing deteriorating road surfaces and site drainage.	The action plan (refer 3.1 in the Draft PoM) notes the Princes St road width will be reduced, and drainage improved, from the amenity block to the river edge. Proposed change: recommendations will be provided in the PoM to improve the surface and drainage of existing road surfaces within the park.
3.9.8	Support recommendations for ameliorating light spill from existing lighting to oval #1 and	Proposed change: refer 3.3.5 above.

No.	Summary of submission	Response
	#2. Oppose additional lighting to oval #3 due to impact on native fauna and neighbouring properties.	
3.9.9	PoM to commit to ongoing consultation with residents and user groups regarding the ongoing park management and any proposed amendments to the Draft PoM.	Any future works within Boronia Park that is a sufficient change in land use would be subject to the Development Application (DA) and Construction Certificate (CC) processes, which include environmental assessment and public exhibition. Proposed amendments to the PoM, as outlined within this report, will be made. Significant changes would need to be advertised and further public submissions invited. No change
3.9.10	Lack of transparency, and poor construction management, for recent works to construct oval #3.	Noted. Any future works within Boronia Park that is a sufficient change in land use would be subject to the Development Application (DA) and Construction Certificate (CC) processes, which include environmental assessment and public exhibition. No change
3.9.11	Poor design, quality and planning process for infrastructure and built form within the park in the past	Refer 3.9.10 above.
3.9.12	Support closure of Princes St east to vehicles.	This comment supports the action plan recommendation (refer 3.1 in the Draft PoM) to alter Princes St downhill from the second vehicle exclusion gate. No change
3.9.13	Support playground designed for older children.	This comment supports the action plan recommendation (refer 3.1 in the Draft PoM) for a feature playground for senior children. No change
3.9.14	Support a comprehensive signage and interpretation strategy.	This comment supports the action plan recommendation (refer 3.3 in the Draft PoM) for a comprehensive interpretive signage strategy. No change
3.9.15	Support recommendations to complete oval #3 embankment, drainage and remediation of the adjacent bush.	This comment supports the action plan amelioration recommendations to the oval #3 subsurface drainage (refer 2.1 in the Draft PoM), embankment stabilisation and bank planting (refer 2.2 in the Draft PoM). Council have begun works to revegetate and control erosion on this embankment in early 2015, and will complete works in a staged approach. Proposed change: given the comments raised about the oval #3 embankment, the recommendation regarding planting of the batter will be expanded to note the planting works will include enhancement of the adjacent bushland.
3.9.16	Remove gravel path and stairs between oval #2 and #3, and replacement with suitably designed path.	The gravel path and stairs between oval #2 and #3 has not been commented on in the Draft PoM. Proposed change: recommendations will be provided in the PoM to remove the existing gravel path and stairs between oval #2 and #3 and replace with a path that is designed and constructed in accordance with relevant Australian Standards, and with consideration of the park and user group requirements.
3.9.17	Support upgrades to the existing pavilion (grandstand), and	Proposed change: refer 3.1.21 above.

No.	Summary of submission	Response
	recommend extending the facility to include a community space.	
3.9.18	Support public access to all facilities provided at the park	This comment supports the Draft PoM action plan objectives to increase access to park facilities for all user groups. No change
3.9.19	Upgrade facilities in the picnic area below Tipperary Falls, and providing ongoing maintenance.	The action plan (refer 1.3 in the Draft PoM) proposed removing the facilities in this area as there is limited opportunities for passive surveillance, which can expose picnic facilities to vandalism, and ongoing council maintenance. Proposed change: <i>recommendations will be provided in the PoM to provide robust and vandal resistant picnic tables/seating in this area.</i>
3.9.20	Draft PoM restrictive in its dog policy, and contradicts the 2002 PoM.	The Draft PoM is intended to replace the 2002 PoM, and is based on the current legislative policies related to the site, the current site conditions and needs, and submissions gained from the stakeholder/community consultation phase.
3.9.21	Finlay's Paddock to be used as an off-leash dog area.	Given the presence of threatened and vulnerable fauna (refer 2.6.6 in the Draft PoM), and endangered ecological communities (refer 2.6.5 in the Draft PoM) within Boronia Park, the action plan (refer 1.3 in the Draft PoM) recommends retaining the current dogs on leash policy. Further recommendations regarding designated off-leash dog areas would be subject to a whole of council dog strategy. No change
3.9.22	Playing fields to be used as off-leash dog areas when not in use for organised sport.	Proposed change: <i>refer 3.9.21 above.</i>
3.9.23	Oppose exercise equipment stations along the loop path due to potential conflicts with passive park uses.	Comment gained from the community and sporting club stakeholders during the consultation phase informed the proposal for exercise stations on the loop path (refer 3.1 in the Draft PoM), which would be in keeping with the active recreation and passive recreation management zone objectives. No change
3.9.24	Oppose reuse of the electrical shed adjacent to oval #1, and would prefer this building to be removed.	Comment gained from the sporting club stakeholders during the consultation phase informed the proposal to investigate reusing the electrical shed for storage (refer 2.1 in the Draft PoM). Proposed change: <i>PoM to include further description that the electrical shed is to be removed if this investigation identifies the building is not required.</i>
3.9.25	Conceal unsightly sheds and water tanks surrounding oval #1 with mass planting and painting.	The Draft PoM did not provide a recommendation in regards to visually concealing the water tanks and sheds around oval #1, as this was not identified as a concern during the consultation phase. Proposed change: <i>recommendations will be provided in the PoM action plan to visually conceal the oval #1 sheds and water tanks through the installation of mass planting and painting with a recessive colour.</i>
3.9.26	Oppose recommendation to	The action plan recommends improving and maintaining the

No.	Summary of submission	Response
	improve and maintain the long jump pit, and would prefer the pit to be removed.	long jump pit (refer 2.2 in the Draft PoM), based on comment gained from the sporting club and community stakeholders during the consultation phase that the long jump pit is no longer used due to being poorly maintained. No change
3.9.27	Planting of the steep embankment between oval #2 and #3.	The action plan recommends mass planting of the steep embankments to the north of oval #2 and #3 (refer 3.2 in the Draft PoM). Proposed change: <i>this recommendation will be expanded to investigate mass planting of the embankment between oval #2 and #3.</i>
3.9.28	Lack of drinking fountains in the park.	Proposed change: <i>refer 3.4.3 above.</i>
3.9.29	Council to plan and allocate adequate funding to maintain the park, including a schedule for periodic maintenance and commitment to funding for ongoing weed control.	Coordination of a council maintenance planning and scheduling is outside the scope of the PoM. No change
3.9.30	Existing park garden beds are poorly designed and not well maintained. Recommend removing, or replanting with suitable indigenous species.	The action plan recommends entry upgrade at the Princes St and Ryde Road entries to the park (refer 3.2 in the Draft PoM). Proposed change: <i>this recommendation will be expanded to describe replanting of the existing park garden beds with suitable indigenous species.</i>
3.9.31	Signage important to inform the community of the park's history, ecological and cultural importance.	Proposed change: <i>refer 3.1.23 above.</i>
3.9.32	Following supply of the HHT submission, an addendum was lodged regarding the Draft PoM in an article from The Weekly Times (3 March, 2015).	Noted.

3.10 Friends of Boronia Park (FOBP)

No.	Summary of submission	Response
3.10.1	Believe that overall the Draft PoM is a good document.	Noted.
3.10.2	FOBP is a community group with a long association with Boronia Park, and have worked cooperatively with council in bush regeneration and participating in council committees.	Noted.
3.10.3	Objectives of FOBP are to care	Noted.

No.	Summary of submission	Response
	for the bushland of Boronia Park, prevent alienation of any portion of the park, preserve and promote bushland regeneration, prevent the spread of exotic growth, cooperate with other organisations with similar objectives, and do all things that are incidental or conducive to the retention of the bushland environment of Boronia Park.	
3.10.4	Boronia Park has significant environmental, social, cultural and heritage values that need to be protected.	Noted.
3.10.5	Specify active bush regeneration as a key strategy to meet the objectives of the bushland management zone.	The action plan (refer 1.2 in the Draft PoM) notes the bushland is to be maintained and protected in accordance with the Estuary Vegetation Rehabilitation Plan for Buffalo Creek Reserve and Boronia Park 2010 which specifies actions, priorities, timing, costs and parties responsible for bush regeneration of the Boronia Park bushland (refer section 9.0 Bushland Regeneration Works). Works are subject to available capital and grant funding. No change
3.10.6	Support bushland loop track, which would need to consider measures to address potential erosion and weed infestation.	The action plan (refer 2.3 in the Draft PoM) notes the new loop track within Boronia Park would be subject to concept design and detailed design phases which would address detailed design issues, determine the final trail alignment, and develop measures to mitigate construction impacts, etc. No change
3.10.7	Incorporate the trail from the Park Rd round-about bus stop to Montefiore into the loop track.	Proposed change: refer 3.10.6 above.
3.10.8	Upgrade of existing pavilion (grandstand) amenity facilities preferred. If new building is required it should be very small and visibly discreet toilets only.	Proposed change: refer 3.3.3 above.
3.10.9	Oppose community facility in the middle of the park due to impact on passive recreation user's enjoyment of the park.	Proposed change: refer 3.1.6 above.
3.10.10	Support upgrades of the pavilion (grandstand) to provide to fulfil the sporting clubs need for a community facility.	Proposed change: refer 3.6.15 above.
3.10.11	Oval #1 lighting to be improved to prevent light spill.	Proposed change: refer 3.1.17 above.
3.10.12	Oppose recommendation to install hard surface to netball courts due to potential for this to limit the available use of oval #2.	The action plan recommends consultation with the netball club, and assessment of court surface upgrading with asphalt or similar (refer 2.1 in the Draft PoM), based on comment gained from the stakeholders during the consultation phase that the netball courts have low usage as the playing surface

No.	Summary of submission	Response
		is in poor condition. Installation of hard surface to the netball courts will not limit use of oval #2. Council has funding allocated to the netball courts resurfacing in 2015, subject to endorsement of the PoM. No change
3.10.13	Planting of embankment adjacent to oval #3 to be undertaken under the supervision of council's bushland coordinator.	The action plan recommends implementation of dense planting, and maintenance, to ensure plant establishment (refer 2.2 in the Draft PoM). Council have begun works to revegetate and control erosion on this embankment in early 2015, and will complete works in a staged approach. No change
3.10.14	Support recommendations to ameliorate oval #3 embankment erosion, and remediation of the adjacent bush.	Proposed change: refer 3.9.15 above.
3.10.15	Oppose location for senior playground proposed in the Draft PoM due to visual impact on the wide open grass field currently in this area. Support playground for older children adjacent to existing play equipment near Ryde Rd.	This comment supports the action plan recommendation (refer 3.1 in the Draft PoM) for a feature playground for senior children. This recommendation notes the senior children's playground track within Boronia Park would be subject to concept design and detailed design phases which would address detailed design issues, determine the final playground location, etc. No change
3.10.16	Support no parking in Princes Street, and routine locking of the road.	Proposed change: refer 3.3.6 above.
3.10.17	Support capture and re-use of water to irrigate playing fields.	This comment supports the action plan recommendation (refer 2.1 in the Draft PoM) for a whole-of-park Integrated Water Management Plan. No change
3.10.18	Surprised at allocation of council funding to rectify oval #3 drainage issues.	Noted. No change
3.10.19	Boronia Park is a public park, and no area should be restricted for the exclusive use of any person(s), group or organisation.	Noted. No change
3.10.20	Hunter's Hill residents feel let down by council as a result of significant park works undertaken without consultation in the past (oval #3), and require a greater level of consultation for future works within Boronia Park.	Proposed change: refer 3.3.7 above.

3.11 Ryde Hunters Hill Cricket Club (RHHCC)

No.	Summary of submission	Response
-----	-----------------------	----------

No.	Summary of submission	Response
3.11.1	RHHCC have provided opportunities for children and adults to participate in organised cricket since 2003, and identify Boronia Park as their home.	Noted.
3.11.2	RHHCC is one of the largest junior cricket clubs in NSW.	Noted.
3.11.3	RHHCC passionate about the preservation of Boronia Park, respect the bushland zones, and Boronia Park as a venue for cricket.	Noted.
3.11.4	RHHCC has invested over \$180,000 over the past five years in the construction and maintenance of the cricket nets and storage shed at Boronia Park, and are solely responsible for repair and maintenance of these facilities.	Noted. No change
3.11.5	Cricket nets are highly used by club members in the summer months, and are available for use by any member of the community free of charge. Nets are locked for protection from vandalism.	The action plan has made recommendations (refer 2.2 in the Draft PoM) to improve the accessibility of the cricket nets by the general community, based on comment gained from the community and stakeholders during the consultation phase that the locked cricket nets are not easily accessible for the general community. No change
3.11.3	RHHCC disappointed and concerned with many elements of the Draft PoM.	Noted.
3.11.4	Believe the Draft PoM has failed to reflect many of the important elements of the HHCOSRP, and the 2002 PoM items concerning active sport usage.	The Draft PoM is intended to replace the 2002 PoM, and is based on the current legislative policies and guidelines related to the site (including the HHCOSRP), the current site conditions and needs, and submissions gained from the stakeholder/community consultation phase.
3.11.5	Club requires a suitably sized club house and meeting area for the club and its members as part of the upgrades to the pavilion (grandstand), or the construction of a new facility between oval #2 and #3, or both.	No change: refer 3.1.6 above.
3.11.6	RHHCC cricket net lighting does not interfere with bushland areas or adjacent residents.	Noted.
3.11.7	Council to negotiate with RHHCC regarding long term tenure and for the use of Boronia Park.	Negotiations regarding long term tenure for use of the park by a sporting club are beyond the scope of the PoM. No change
3.11.8	Annual assessment of playing surface ovals #1 and #2 require following the winter playing season.	The Draft PoM has not commented on the issue of playing field surface condition assessment in detail. Proposed change: it is proposed that the PoM is amended to note council's annual assessment and of all ovals is to continue.

No.	Summary of submission	Response
3.11.9	Upgrade central wicket square of oval #1. Cost for these works in the order of \$40,000.	The Draft PoM has not commented on the issue of the central wicket square condition. Proposed change: <i>it is proposed that the PoM is amended to include upgrade of the central wicket square. Timing for delivery of this recommendation would be subject to the availability of council funding. .</i>
3.11.10	Draft PoM does not follow council's stated objective of "encourage, promote and facilitate organised sport".	No change: <i>refer 3.1.4 above.</i>
3.11.11	Facilities described in Draft PoM amenity block between oval #2 and #3 do not satisfy the requirements of RHHCC and HHRUFC. Concerned that the facility as proposed will not adequately cater to the number of players required to use three ovals.	Proposed change: <i>refer 3.1.5 above.</i>
3.11.12	Support recommendations to rectify oval #3 subsurface drainage, to be implemented in 2015.	This comment supports the action plan amelioration recommendations to the oval #3 subsurface drainage (refer 2.1 in the Draft PoM). Timing for delivery of this recommendation would be subject to the availability of council funding. No change
3.11.13	Oval #1 and #2 complete resurfacing within 2 years, with oval #1 requiring laser levelling.	Annual assessment and reporting will make recommendations for requirements and timing in regards to resurfacing and levelling. Proposed change: <i>refer 3.1.14 above.</i>
3.11.14	Allow cricket club to install lighting to the cricket net lanes, at its own cost.	The action plan (refer 2.1 in the Draft PoM) notes any new lighting within Boronia Park would be subject to council assessment of feasibility and detailed design to determine requirements. Proposed change: <i>Given comments received, the PoM action plan will be updated to note that a development Application (DA) is required for any new lighting within Boronia Park.</i>
3.11.15	Replace fencing around oval #1 with metal picket fencing.	The action plan (refer 2.1 in the Draft PoM) notes maintenance repairs are required to the boundary fence of oval #1, due to the high capital cost of replacing this fencing. Council have begun works to repair the oval #1 fencing in early 2015, and will complete works in a staged approach. No change
3.11.16	Provide access road and carpark (for 50 cars and disabled parking) to oval #3.	Proposed change: <i>refer 3.1.7 above.</i>
3.11.17	Princes Street gate should be open for all sporting uses, to provide access to carpark at oval #3. Princes Street should have parking along its length.	Proposed change: <i>refer 3.1.12 above.</i>
3.11.18	Install subsurface drainage to oval #1 and #2 to resolve playing field drainage issues,	Proposed change: <i>refer 3.1.8 above.</i>

No.	Summary of submission	Response
	and capture and re-use of water to irrigate playing fields.	
3.11.19	Upgrade lighting on oval #1 and #2 to improve field lighting and control light spill.	Proposed change: refer 3.1.16 and 3.1.17 above.
3.11.20	Provide new lighting to oval #3.	No change: refer 3.1.18 above.
3.11.21	Information to be included in the executive summary regarding the important role of organised sport in the park.	The executive summary provides an overview of the PoM. Information regarding the organised sporting history and use within the park is provided in sections 2.5, 2.6 and 2.7 in the Draft PoM. Proposed change: additional relevant information regarding the organised sporting use of the site will be included into the executive summary.
3.11.22	Information to be included in section 2.5.2 European Heritage and Land Use, regarding the cricket club.	Noted. Proposed change: additional relevant information regarding the cricket club will be included in section 2.5.2 European Heritage and Land Use in the Draft PoM.
3.11.23	Oppose recommendation to improve and maintain the long jump pit, and would prefer the pit to be removed.	No change: refer 3.9.26 above.
3.11.24	Information to be included in section 2.8.2 Active Recreation Management Zone to describe oval #1 turf centre wicket square in very poor condition.	Noted. Proposed change: additional relevant information regarding the oval #1 wicket square will be included in section 2.8.2 Active Recreation Management Zone in the Draft PoM.
3.11.25	Information to be included in section 2.8.2 Active Recreation Management Zone to further describe cricket nets funding, use and condition.	Funding descriptions are not included in this section of the PoM. Proposed change: additional relevant information regarding the cricket nets use and condition will be included in section 2.8.2 Active Recreation Management Zone in the Draft PoM.
3.11.26	Information to be included in section 2.8.2 Active Recreation Management Zone to further describe cricket sheds funding, use and condition.	Funding descriptions are not included in this section of the PoM. Proposed change: additional relevant information regarding the cricket sheds use and condition will be included in section 2.8.2 Active Recreation Management Zone in the Draft PoM.
3.11.27	Include detailed description of the cricket club consultation timing within section 3.1 The Planning Process.	Detailed descriptions of the consultation sessions are not included in section 3.1 of the Draft PoM, and are outlined in Appendix D Stakeholder Meetings and Attendees in the Draft PoM. No change

3.12 Ryde – Hunter’s Hill Flora and Fauna Preservation Society (RHFFPS)

No.	Summary of submission	Response
3.12.1	Concerns regarding recent	Noted.

No.	Summary of submission	Response
	development of the park, which was not specifically identified in the 2002 PoM, and the way council managed this development.	
3.12.2	Concerned that recent development of the park (oval #3, cricket sheds and nets), promote exclusive use by sporting clubs, which is not in keeping with principle of multi-use.	Noted.
3.12.3	Limited environmental and land-use assessment in recent site works reflect lack of proper strategic planning and transparency in council's processes.	Noted.
3.12.4	Support recommendations to complete oval #3 embankment, drainage and remediation of the adjacent bush.	<p>This comment supports the action plan amelioration recommendations to the oval #3 subsurface drainage (refer 2.1 in the Draft PoM), embankment stabilisation and bank planting (refer 2.2 in the Draft PoM). Council have begun works to revegetate and control erosion on this embankment in early 2015, and will complete works in a staged approach.</p> <p>Proposed change: given the comments raised about the oval #3 embankment, the recommendation regarding planting of the batter will be expanded to note the planting works will include enhancement of the adjacent bushland.</p>
3.12.5	Increase in sport related vehicle access through Princes St, and uncontrolled parking inside the park, causing environmental damage to adjacent EEC, and conflict with pedestrian use.	Proposed change: refer 3.1.12 above.
3.12.6	Submission provides detailed description of 2002 PoM process and recent works.	Noted.
3.12.7	Concerned PoM could be significantly amended without further consultation, as occurred following exhibition of the Draft version of the 2002 PoM.	<p>Noted.</p> <p>No change</p>
3.12.8	Query if a Plan of Management prepared in accordance with the requirements of the Local Government Act (LGA) is the correct legal document to manage Boronia Park.	<p>A PoM prepared under the guidelines of the Local Government Act 1993 is the correct legislative document to guide future development of Boronia Park.</p> <p>No change</p>
3.12.9	Draft PoM recategorises some sections of the plan, which would require a public hearing under the LGA.	<p>The action plan proposes recategorisation of the park in keeping with the current management principles and proposals (refer 4.6 in the Draft PoM), therefore a public hearing is not required.</p> <p>No change</p>
3.12.10	Construction of oval #3 has encroached into an area zoned	An amendment of the LEP is not required, as recommendations have been made within this report (refer

No.	Summary of submission	Response
	E2 in the Hunter's Hill LEP 2012. Council to clarify if this section of Boronia Park now requires rezoning as RE1 via an amendment to the HHLEP 2012.	3.9.15 above) to ameliorate and revegetate the minor embankment and the adjacent bushland in the southern corner of oval #3, which encroaches slightly into the area designated as E2 (Environmental Conservation). No change
3.12.11	Society does not believe sufficient funding has been allocated in the Draft PoM towards biodiversity protection, passive recreation and protection of cultural heritage.	The Draft PoM notes management/regeneration/revegetation of the Boronia Park bushland is to be undertaken in accordance with the EVRP. Council's annual capital budget is not sufficient to manage the bushland in accordance with the EVRP. Implementation of these works has historic been undertaken through grant application and Contractor's via capital works and bushcare staff. Hence, the Draft PoM action plan (refer 1.1). The action plan has made recommendations (refer section 4.5.3 in the Draft PoM) to improve passive recreation opportunities based on comment gained from the community and stakeholders during the consultation phase, and funding has been allocated in the action plan to cover these works. The action plan has made a recommendation (refer 1.4 in the Draft PoM) to retain and protect historical items on site. As outlined above, council's annual capital budget is not sufficient to complete these works, hence the action plan notes these works will be completed as council maintenance staff works. Proposed change: the action plan will be updated to note protection of historical items on site, and implementation of the bushland works, will also be funded through capital works and grant funding where possible.
3.12.12	Require increased commitment and funding for bush regeneration.	Proposed change: refer 3.12.11 above.
3.12.13	Would prefer funding that has been allocated to new seating within the park (\$10,000) be allocated to saltmarsh monitoring.	Written submissions from a range of stakeholders and individuals were reviewed and assessed to inform the Draft PoM. The Draft PoM actions provide a balance of the issues and opportunities noted within written submissions, questionnaires, and further submissions/information gained during the consultation phase.
3.12.14	Funding allocation to rectify oval #3 must address embankment stability, drainage and remediation of the adjacent bush.	Proposed change: refer 3.9.15 above.
3.12.15	Need for improved amenity of the entrance point from Boronia Ave into the park.	The Draft PoM has not commented on providing improved amenity at this entry into the park. Proposed change: it is proposed that PoM is amended to include a recommendation for improved amenity at the Boronia Ave entry including signage, seat and improved trail surfaces.
3.12.16	Do not believe the viewing platform adjacent to oval #3 is a priority until the remedial works are completed.	The viewing platform is noted as low priority in the action plan, whilst remedial works to the oval #3 embankment are noted as high priority in the action plan. No change
3.12.17	Support recommendations for ameliorating light spill from	Proposed change: refer 3.3.5 above.

No.	Summary of submission	Response
	existing lighting to oval #1 and #2. Oppose additional lighting to oval #3 due to impact on native fauna and neighbouring properties.	
3.12.18	No further buildings should be constructed inside the park. Upgrade of existing pavilion (grandstand) amenity facilities preferred. If new building is required, should be a new toilet block near the High St playground.	Proposed change: refer 3.3.3 above.
3.12.19	Support upgrades to the existing pavilion (grandstand), and recommend extending the facility to include a community space.	Proposed change: refer 3.1.21 above.
3.12.20	Princes Street should remain locked.	Proposed change: refer 3.3.6 above.
3.12.21	Remove the informal carpark between oval #2 and #3.	Proposed change: refer 3.1.5 above.
3.12.22	Support no parking in Princes Street.	Proposed change: refer 3.3.6 above.
3.12.23	Support upgrades to the perimeter road parking.	The action plan recommends all existing nature strip parking is maintained to be safe for public parking (refer 3.2 in the Draft PoM). No change

4. Submissions from individuals

4.1 Overview

A total of 522 written submissions were received from individuals. Some of these submissions were based on proformas distributed by the different clubs and organisations, while other submissions were written in the form of letters. All the submissions have been summarised, and the comments categorised for interpretation of the results.

The comments made about the PoM covered a range of topics, with the most comments made about organised sport and recreation facilities and vehicle access and car parking.

4.2 Summary list of all comments from individuals

The following comments are grouped into common topics, and have been summarised from all the comments made in the submissions. The numbers adjacent to each comment represent each time a comment was made and not the total number of submissions. The number adjacent to the topic heading is the total number of comments, both positive and negative, made on this topic.

Comments with two or more responses are included in the response table in Section 4.3 of this report.

1,532	Organised sport and recreation facilities (excluding buildings)
190	Lighting - update existing lighting to minimise light spill on adjacent houses and bushland
188	Lighting - support lighting to oval #3 with no light spill to adjacent houses and bushland
188	Oval #3 - remedial works required to fix recent earthworks, stabilise bank and prevent erosion (including rock wall)
187	Lighting - support no additional lighting of ovals
185	Land Tenure - HHC to negotiate with Hunter's Hill Rugby Union Club to gain long term tenure
143	Intensification of use - concern about ongoing incremental intensification of sporting use and its impact on other uses and values in the park
88	Land Tenure - HHC to negotiate with cricket clubs to gain long term tenure
82	Facilities - sports areas should be managed in accordance with HHC Outdoor Sport & Rec. Plan 2013
60	Fencing - replace damage fencing to oval #1 with suitable alternative
55	Turf wicket oval #1 - requires renovation
51	Lighting - provide lighting to cricket nets for club and public use
43	Lighting - support user pays system
20	Hunters Hill Rugby Club - the club have facilitated improvements to the park
13	Facilities - dominated by sport, need to better cater for the diverse range age groups, activities and uses
10	Facilities - need more diversity of organised sport facilities
7	Usage - improve control over how the facilities are used

7	Cricket nets - increase community access
3	Facilities - there are enough sporting facilities already, no more required
2	Future works - ensure no sporting development outside current sports field precinct
2	Costs - clubs should contribute to development
1	Walking tours - educational excursions
1	Sporting activities - to be carefully integrated so they do not impact negatively on the natural surrounding
1	Oval #3 - remedial works required to ameliorate recent planting works to perimeter
1	Oval #3 - improvements required
1	Oval #2 - leave as is
1	Oval #1 - leave as is
1	Lighting - provide lighting to netball courts for club and public use
1,492	Parking and vehicle access
267	Access - provide disabled parking access
212	Emergency vehicles - provide emergency vehicle access to organised sporting facilities
191	Access - provide parking and vehicle access to oval #2 and oval #3
189	Princes Street - daytime only vehicle access and parking along entire road length
181	Carparking - no parking inside the park other than the existing sealed car park
175	Carparking - support parking around perimeter of park only
84	Princes Street - support daytime parking and vehicle access to improve access to oval #3
79	Princes Street - daytime and night time vehicle access and parking along entire road length
57	Princes Street - retain locked gate at roundabout
41	Carparking - remove informal carpark between oval #2 and oval #3
10	Carparking - provide alternative parking facilities to reduce traffic and parking impact on surrounding streets
3	Princes Street - do not support narrowing the road width
1	Boronia Ave - lack of traffic management on game days
1	Princes St - upgrade road surface
1	Car parking - support improving overflow parking conditions near oval #2
826	Maintenance of playing fields and grassed areas
271	Drainage - improve drainage to oval #1 and oval #2
242	Turf - regrade and resurface oval #1
239	Turf - resurface oval #2
35	Maintenance - to be continued
29	Turf - resurface all fields with hard wearing turf species
6	Overall - improved maintenance required
3	Maintenance - important as well as upgrades to playing fields
1	Facility maintenance - required
536	Open space values
207	Community - Boronia Park is a highly valued place for everyone to enjoy
164	Health - important for encouraging physical activity
146	Natural character - highly valued
8	Open space - important as a place to relax
6	Open space - beneficial to health

2	Sport & facilities - impact on areas to relax and unwind
2	Open space - important place to experience nature
1	Health - improve to encourage physical activity
536	Community facility building
214	Community facility building - do not support any new building in the centre of the park
197	Community facility building - support new community facility building between ovals #2 and #3 with expanded facilities beyond those proposed in the draft POM
78	Community facility building - support new community building between ovals #2 and #3
39	Community facility building - small amenities building with no showers or storage acceptable
5	Community facility building - support new community facility building near pavilion (grandstand)
3	Community facility building - small amenities building as described in Draft POM and not larger
403	Management of park
181	Land tenure - oppose exclusive club use of any grounds within park
62	Land tenure - oppose exclusive club use of any building within park
52	Consultation - more required for any future works
39	Dogs - council wide dog management strategy required
38	Dogs - provide bins and bag dispensers
13	Future use - achieve a balance between future use and facilities and the natural character of the park
8	Dogs - provide extensive off leash areas
3	Safety - concern about lack of lighting and personal safety in the bushland areas of the park
3	Dogs - provide off leash area in Finlay's Paddock
2	Dogs - no off leash permitted in park
1	Graffiti - maintenance required
1	Funding - concern about council's ability to fund future works
277	Pavilion (grandstand) building
277	Pavilion (grandstand) building upgrades - support upgrades for community and sporting clubs use
242	Sustainability
242	Integrated water management - support proposals for the collection and reuse of water on the site
241	Trails
141	Access - sealed access along Princes Street is important for non-vehicle access for all into the natural areas of the park
39	Loop track - support with consultation for areas through bushland
38	Cycling - manage trails to prevent informal cycle tracks
5	Walking paths - consolidate walking paths
3	Walking paths - increase walking paths
3	Cycling - provide designated bicycle track through active and passive recreation areas
2	Signage - provide improved directional and regulatory signage
2	Links - provide connections between playing fields

2	Improve path condition/surface - on well used tracks
2	Great North Walk - improve signage
1	Cycle - no cycle paths in bushland
1	Walking paths - retain informal access trails
1	Paths - improve safe access to open spaces
1	Great North Walk - improve trail condition
233	Informal recreation facilities
180	Playground - support small toilet facility near High Street playground
8	Toilets - provide more
4	Signage - provide information/educational signage
4	Playground - support senior playground near High Street playground
4	Drinking fountains - more required to all active areas
4	Water based recreation - support non motorised watercraft launching facilities
3	Water based recreation - no requirement for watercraft launching facilities
3	Exercise equipment - increase the provision of fitness stations
3	Water edge recreation - support picnic facilities at end of Princes Street
2	Picnic facilities - upgrade at Tipperary Falls
2	Water edge recreation - do not support picnic facilities at end of Princes Street due to rubbish
2	Seating - more required
2	Playground - support senior playground
1	Long jump - remove
1	Toilets - public toilets should only be open during daylight hours
1	Diversity - increase diversity of informal recreational facilities
1	Water based recreation - support boat storage racks at end of Princes Street
1	Shelters more required
1	Seating - adequate provision
1	Playground - Ryde Road, replace fencing
1	Playground - Ryde Road, provide more play facilities
1	Playground - High St, provide more play facilities
1	Grassy bank - maintain sufficient turf areas for passive recreation to north of oval #2
1	Fishing - provide fishing facilities along river edge
1	Cycling - increase bicycle parking facilities
224	Environmental values
142	Environmental character - highly valued
56	Flora & Fauna - protect core habitat bushland corridors
18	Vegetation - protect sensitive bushland
2	Vegetation - use only native species
1	Vegetation - use only indigenous species to revegetate steep banks
1	Waterways - no earthworks adjacent to waterways
1	Waterways - improve water quality and condition
1	Waterways - important to preserve
1	Vegetation - replace exotic understorey species near pavilion (grandstand) with suitable indigenous species
1	Trees - remove dead and dangerous trees along walking trails
99	Heritage
42	Non-Indigenous values - conserve and protect
42	Indigenous heritage values - conserve and protect

13	Non-Indigenous - important to protect heritage features
1	Signage - to interpret heritage values
1	Indigenous heritage - remove recommendation to join North Sydney Aboriginal Heritage Office
54	Bushland management
45	Maintenance - of bushland to be continued
3	Overall - improved bushland maintenance required
3	Maintenance - of bushland is important as well as upgrades to the park
2	Weeding - additional in bushland required
1	Bushland - bushfire management to be considered

4.3 Response to comments from individuals

Below is a table listing the key comments made by two or more submissions, with the response to how this relevant to the PoM, and whether or not a change to the final PoM is required as a result of the comment.

No	Responses	Comment	Response	Proposed change
4.3.1	Organised sport and recreation facilities (excluding buildings) – total 1,532			
4.3.1a	190	Lighting - update existing lighting to minimise light spill on adjacent houses and bushland	The action plan (refer 2.1 in the Draft PoM) notes that light spill into surrounding bushland areas is to be considered. The existing lighting of oval #1 and #2 was upgraded by council in early 2015 to reduce light spill.	Proposed change: refer 3.1.17 above.
4.3.1b	188	Lighting - support lighting to oval #3 with no light spill to adjacent houses and bushland	The action plan (refer 2.1 in the Draft PoM) notes any new lighting within Boronia Park (including oval #3) would be subject to consultation, council assessment and detailed design to determine requirements, feasibility, etc.	Proposed change: refer 3.1.18 above.
4.3.1c	188	Oval #3 - remedial works required to fix recent earthworks, stabilise bank and prevent erosion (including rock wall)	This comment supports the action plan amelioration recommendations to the oval #3 subsurface drainage (refer 2.1 in the Draft PoM), embankment stabilisation and bank planting (refer 2.2 in the Draft PoM). Council have begun works to revegetate and control erosion on this embankment in early 2015, and will complete works in a staged approach.	<i>No change</i>
4.3.1d	187	Lighting - support no additional lighting of ovals	Refer response 4.3.1b	<i>No change</i>
4.3.1e	185	Land Tenure - HHC to negotiate with Hunter's Hill Rugby Union Club to gain long term tenure	Negotiations regarding long term tenure for use of the park by a sporting club is beyond the scope of the PoM.	<i>No change</i>
4.3.1f	143	Intensification of use - concern about ongoing incremental intensification of sporting use and its	The Draft PoM actions provide a balance of the issues and opportunities noted within written submissions, questionnaires, and submissions/information gained during the consultation phase. The proposed	<i>No change</i>

No	Responses	Comment	Response	Proposed change
		impact on other uses and values in the park	amendments to the park zoning (refer 4.6 in the Draft PoM) reflects the above, and determines the core objectives for each area of the park.	
4.3.1g	88	Land Tenure - HHC to negotiate with cricket clubs to gain long term tenure	Refer response 4.3.1e.	<i>No change</i>
4.3.1h	82	Facilities - sports areas should be managed in accordance with HHC Outdoor Sport & Rec. Plan 2013	Noted.	<i>No change</i>
4.3.1i	60	Fencing - replace damaged fencing to oval #1 with suitable alternative	The Draft PoM (refer 2.1) notes maintenance repairs are required to the boundary fence of oval #1.	<i>No change</i>
4.3.1j	55	Turf wicket oval #1 - requires renovation	The Draft PoM has not commented on the issue of the central wicket square condition.	Proposed change: refer 3.1.18 above.
4.3.1k	51	Lighting - provide lighting to cricket nets for club and public use	The action plan (refer 2.1 in the Draft PoM) notes any new lighting within Boronia Park would be subject to council assessment of feasibility and detailed design to determine requirements.	Proposed change: refer 3.1.18 above.
4.3.1l	43	Lighting - support user pays system	This comment supports the action plan recommendation for council to coordinate and enforce a "use pays" lighting system (refer 2.1 in the Draft PoM).	<i>No change</i>
4.3.1m	20	Hunters Hill Rugby Club - the club have facilitated improvements to the park	Noted.	<i>No change</i>
4.3.1n	13	Facilities - dominated by sport, need to better cater for the diverse range age groups, activities and uses	Refer response 4.3.1f.	<i>No change</i>
4.3.1o	10	Facilities - need more diversity of organised sport facilities	This comment supports the action plan objective for the Active Recreation Management Zone (refer section 4.5.2 in the Draft PoM).	<i>No change</i>
4.3.1p	7	Usage - improve control over how the facilities are used	The action plan has made recommendations (refer 2.2 in the Draft PoM) to improve the accessibility of the cricket nets by the general community.	<i>No change</i>
4.3.1q	7	Cricket nets - increase community access	Refer response 4.3.1p.	<i>No change</i>
4.3.1r	3	Facilities - there are enough sporting facilities already, no more required	Refer response 4.3.1f.	<i>No change</i>
4.3.1s	2	Future works - ensure no sporting development outside	Refer response 4.3.1f.	<i>No change</i>

No	Responses	Comment	Response	Proposed change
		current sports field precinct		
4.3.1t	2	Costs - clubs should contribute to development	Noted.	No change
4.3.2	Parking and vehicle access – total 1,492			
4.3.2a	267	Access - provide disabled parking access	There are two disabled parking spaces in the existing Park Road carpark.	Proposed change: refer 3.1.7 above.
4.3.2b	212	Emergency vehicles - provide emergency vehicle access to organised sporting facilities	There is currently emergency vehicle access to oval #1 and #2 of the Park Rd carpark. Emergency vehicle access to oval #3 could be provided across oval #2 via the Park St carpark, or through unlocking the Princes St gate.	No change
4.3.2c	191	Access - provide parking and vehicle access to oval #2 and oval #3	As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would have provision for service vehicles maintenance access only.	Proposed change: refer 3.1.7 above.
4.3.2d	189	Princes Street - daytime only vehicle access and parking along entire road length	The PoM does not suggest parking along the entire length of Princes St, and proposes investigation to improve overflow parking capacity near oval #2 (refer 1.3 in the Draft PoM).	Proposed change: refer 3.1.7 and 3.1.12 above.
4.3.2e	181	Carparking - no parking inside the park other than the existing sealed car park	The action plan (refer 3.2 in the Draft PoM) recommends no increase in carparking within Boronia Park, and proposes investigation to improve overflow parking capacity near oval #2 (refer 1.3 in the Draft PoM).	Proposed change: refer 3.9.5 above.
4.3.2f	175	Carparking - support parking around perimeter of park only	Refer response 4.3.2f.	Proposed change: refer 3.9.5 above.
4.3.2g	84	Princes Street - support daytime parking and vehicle access to improve access to oval #3	Refer response 4.3.2d.	Proposed change: refer 3.1.7 and 3.1.12 above.
4.3.2h	79	Princes Street - daytime and night time vehicle access and parking along entire road length	Refer response 4.3.2h.	Proposed change: refer 3.1.7 and 3.1.12 above.
4.3.2i	57	Princes Street - retain locked gate at roundabout	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, open space, recreational experience and the adjacent Endangered Ecological Community (EEC).	Proposed change: refer 3.9.4 above.
4.3.2j	41	Carparking - remove informal carpark between oval #2 and oval #3	Removal of this informal carpark would be part of the amenity block design and construction works (refer 3.1.5 above).	No change
4.3.2k	10	Carparking - provide alternative parking facilities to reduce traffic and parking impact on surrounding streets	Refer response 4.3.2f.	Proposed change: refer 3.9.5 above.

No	Responses	Comment	Response	Proposed change
4.3.2l	3	Princes Street - do not support narrowing the road width	The action plan has made recommendations (refer 3.1 in the Draft PoM) to reduce the width of Princes St (downhill from the junction of oval #2 and #3) based on comment gained from the community and stakeholders during the consultation phase.	<i>No change</i>
4.3.3	Maintenance of playing fields and grassed areas – total 826			
4.3.3a	271	Drainage - improve drainage to oval #1 and oval #2	As noted in the action plan (refer 2.1 in the Draft PoM), an Integrated Water Management Plan has been recommended to review the subsurface drainage of oval #3, and report on site wide integrated water quality, control and harvesting (for re-use) recommendations.	Proposed change: refer 3.1.8 above.
4.3.3b	242	Turf - regrade and resurface oval #1	The Draft PoM has not commented on the issue of playing field surface condition assessment in detail. Council's annual assessment will make recommendations for requirements and timing in regards to resurfacing and regrading subject to available funding and prioritisation as outlined in council's Delivery and Operations Plan.	Proposed change: refer 3.1.14 above.
4.3.3c	239	Turf - resurface oval #2	Refer response 4.3.3b.	Proposed change: refer 3.1.14 above.
4.3.3d	35	Maintenance - to be continued	Noted.	<i>No change</i>
4.3.3e	29	Turf - resurface all fields with hard wearing turf species	Refer response 4.3.3b.	Proposed change: refer 3.1.14 above.
4.3.3f	6	Overall - improved maintenance required	Noted.	<i>No change</i>
4.3.3g	3	Maintenance - important as well as upgrades to playing fields	Noted.	<i>No change</i>
4.3.4	Open space values – total 536			
4.3.4a	207	Community - Boronia Park is a highly valued place for everyone to enjoy	Noted.	<i>No change</i>
4.3.4b	164	Health - important for encouraging physical activity	Noted.	<i>No change</i>
4.3.4c	146	Natural character - highly valued	Noted.	<i>No change</i>
4.3.4d	8	Open space - important as a place to relax	Noted.	<i>No change</i>
4.3.4e	6	Open space - beneficial to health	Noted.	<i>No change</i>
4.3.4f	2	Sport & facilities - impact on areas to relax and unwind	Noted.	<i>No change</i>
5.3.4g	2	Open space -	Noted.	<i>No change</i>

No	Responses	Comment	Response	Proposed change
		important place to experience nature		
4.3.5	Community facility building – total 536			
4.3.5a	214	Community facility building - do not support any new building in the centre of the park	In preparation of the Draft PoM, and consideration of the community and stakeholder consultation phase findings, the community needs do not require a community facility in the middle of the park given the potential impacts on the social, aesthetic and environmental values of the site. Upgrades of the existing pavilion (grandstand) building (refer 3.1.21 above) would fulfil the requirements of the community and stakeholders.	<i>No change</i>
4.3.5b	197	Community facility building - support new community facility building between ovals #2 and #3 with expanded facilities beyond those proposed in the draft POM	Refer to response 4.3.5a.	<i>No change</i>
4.3.5c	78	Community facility building - support new community building between ovals #2 and #3	Refer to response 4.3.5a.	<i>No change</i>
4.3.5d	39	Community facility building - small amenities building with no showers or storage acceptable	As noted in the action plan (refer 2.1 in the Draft PoM), the amenity block would be subject to a detailed design phase which would require consultation with the council and sporting clubs to ensure the amenity block suitably reflects the needs of these groups, and the local community.	Proposed change: refer 3.1.5 above.
4.3.5e	5	Community facility building - support new community facility building near pavilion (grandstand)	Refer to response 4.3.5a.	<i>No change</i>
4.3.5f	3	Community facility building - small amenities building as described in Draft POM and not larger	Refer to response 4.3.5d.	Proposed change: refer 3.1.5 above.
4.3.6	Management of park – total 403			
4.3.6a	181	Land tenure - oppose exclusive club use of any grounds within park	Refer response 4.3.1e.	<i>No change</i>
4.3.6b	62	Land tenure - oppose exclusive club use of any building within park	Refer response 4.3.1e.	<i>No change</i>
4.3.6c	52	Consultation - more required for any future works	Any future works within Boronia Park that is a sufficient change in land use would be subject to the Development Application (DA) and Construction Certificate (CC) processes, which include environmental assessment and public	<i>No change</i>

No	Responses	Comment	Response	Proposed change
			exhibition.	
4.3.6d	39	Dogs - council wide dog management strategy required	Given the presence of threatened and vulnerable fauna (refer 2.6.6 in the Draft PoM), and endangered ecological communities (refer 2.6.5 in the Draft PoM) within Boronia Park, the action plan (refer 1.3 in the Draft PoM) recommends retaining the current dogs on leash policy. Further recommendations regarding designated off-leash dog areas would be subject to a whole of council dog strategy.	<i>No change</i>
4.3.6e	38	Dogs - provide bins and bag dispensers	Dog faeces bins and bag dispensers were not proposed in the Draft PoM. Consideration of the locations for the bins and bags is beyond the scope of the PoM, and would be part of council's prioritisation and implementation of park infrastructure within the municipality.	Proposed change: <i>The PoM will be amended to note that bag dispensers and standard council bins are to be provided at key locations within the park.</i>
4.3.6f	13	Future use - achieve a balance between future use and facilities and the natural character of the park	Written submissions from a range of stakeholders and individuals were reviewed and assessed to inform the Draft PoM. The Draft PoM actions provide a balance of the issues and opportunities noted within written submissions, questionnaires, and further submissions/information gained during the consultation phase.	<i>No change</i>
4.3.6g	8	Dogs - provide extensive off leash areas	Refer response 4.3.6d.	<i>No change</i>
4.3.6h	3	Safety - concern about lack of lighting and personal safety in the bushland areas of the park	Given the presence of threatened and vulnerable fauna (refer 2.6.6 in the Draft PoM), and endangered ecological communities (refer 2.6.5 in the Draft PoM) within Boronia Park, additional lighting was not considered as appropriate in the bushland area. Recommendations within the Draft PoM action plan will help improve personal safety by increasing usage of the park, which will improve passive surveillance.	<i>No change</i>
4.3.6i	3	Dogs - provide off leash area in Finlay's Paddock	Refer response 4.3.6d.	<i>No change</i>
4.3.6j	2	Dogs - no off leash permitted in park	Refer response 4.3.6d.	<i>No change</i>
4.3.7	Pavilion (grandstand) building – total 277			
4.3.7a	277	Pavilion (grandstand) building upgrades - support upgrades for community and sporting clubs use	This comment supports the Draft PoM recommendations to upgrade the existing pavilion (grandstand) building (refer 2.1 in the Draft PoM).	Proposed change: <i>refer 3.1.21 above.</i>
4.3.8	Sustainability – total 242			
4.3.8a	242	Integrated water management - support proposals for the collection and	This comment supports the Draft PoM recommendations (refer 2.1 in the Draft PoM) to undertake an Integrated Water Management	Proposed change: <i>refer 3.1.8 above.</i>

No	Responses	Comment	Response	Proposed change
		reuse of water on the site	Plan to review the subsurface drainage of oval #3, and report on site wide integrated water quality, control and harvesting (for re-use) recommendations.	
4.3.9	Trails – total 241			
4.3.9a	141	Access - sealed access along Princes Street is important for non-vehicle access for all into the natural areas of the park	The action plan (refer 3.2 in the Draft PoM) notes Princes St will continue to be locked due to the potential impact on the amenity of the park, open space, recreational experience and the adjacent Endangered Ecological Community (EEC). The reduced width trail on Princes St downhill from the junction of oval #2 and #3 would be sealed.	Proposed change: refer 3.4.5 above.
4.3.9b	39	Loop track - support with consultation for areas through bushland	This comment supports the Draft PoM recommendation (refer 3.3 in the Draft PoM) for a bushland looped walking track.	Proposed change: refer 3.3.7 above.
4.3.9c	38	Cycling - manage trails to prevent informal cycle tracks	This comment supports the Draft PoM recommendation (refer 1.2 in the Draft PoM) to identify and remove unauthorised mountain bike trails.	No change
4.3.9d	5	Walking paths - consolidate walking paths	This comment supports the Draft PoM recommendation (refer 1.1 in the Draft PoM) for assessment of the bush trails, and selected paths to be closed for bush regeneration.	No change
4.3.9e	3	Walking paths - increase walking paths	This comment supports the Draft PoM recommendation (refer 3.3 in the Draft PoM) for a bushland looped walking track.	No change
4.3.9f	3	Cycling - provide designated bicycle track through active and passive recreation areas	A bike route in the northwest of the park was explored during preparation of the Draft PoM. On consideration of the comments gained from the stakeholders during the consultation and exhibition phase, the community do not require a bike route in the location given the potential impacts on the social, aesthetic and environmental values of the site.	No change
4.3.9g	2	Signage - provide improved directional and regulatory signage	Preparation of a signage strategy is recommended in the Draft PoM action plan (refer 1.4 and 3.3 in the Draft PoM)	No change
4.3.9h	2	Links - provide connections between playing fields	The gravel path and stairs between oval #2 and #3 has not been commented on in the Draft PoM.	Proposed change: refer 3.9.16 above.
4.3.9i	2	Improve path condition/surface - on well used tracks	This comment supports the Draft PoM recommendation (refer 1.1 in the Draft PoM) for assessment of the bush trails, selected paths to be closed for bush regeneration, and other paths to be improved.	No change
4.3.9j	2	Great North Walk - improve signage	Preparation of a signage strategy is recommended in the Draft PoM action plan (refer 1.4 and 3.3)	No change
4.3.10	Environmental Values – total 224			
4.3.10a	142	Environmental	Noted.	No change

No	Responses	Comment	Response	Proposed change
		character - highly valued		
4.3.10b	56	Flora & Fauna - protect core habitat bushland corridors	Noted.	No change
4.3.10c	18	Vegetation - protect sensitive bushland	Noted.	No change
4.3.10d	2	Vegetation - use only native species	Noted.	No change
4.3.11	Informal recreation facilities – total 233			
4.3.11a	180	Playground - support small toilet facility near High Street playground	Comment gained from the stakeholders during the consultation and exhibition phase informed the requirement and location of the amenity block in the Draft PoM adjacent to oval #2 and #3, which has been centrally located within the active sporting area.	Proposed change: given the comment raised about an amenity block near the High St playground, it is proposed that the PoM is amended to note inclusion of a small amenity block in this location, and note the following action: "Council to consult with community regarding the potential installation of a small amenity block adjacent to the High St playground. Small, single storey building is to be sensitively designed located for least visual impact, low maintenance and apply best practise ESD principles. Development Application (DA) and Construction Certificate (CC) is required for the amenity block prior to construction"
4.3.11b	8	Toilets - provide more	Refer response 4.3.11a.	No change
4.3.11c	4	Signage - provide information/ educational signage	Preparation of a signage strategy is recommended in the Draft PoM action plan (refer 1.4 and 3.3)	No change
4.3.11d	4	Playground - support senior playground near High Street playground	This comment supports the Draft PoM action plan recommendation (refer 3.1) for a feature playground for senior children.	No change

No	Responses	Comment	Response	Proposed change
4.3.11e	4	Drinking fountains - more required to all active areas	Drinking fountains were not proposed in the Draft PoM. The location of drinking fountains/water bottle stations is beyond the scope of the PoM, and would be part of council's prioritisation and implementation of park infrastructure within the municipality.	Proposed change: refer 3.4.3 above
4.3.11f	4	Water based recreation - support non motorised watercraft launching facilities	This comment supports the Draft PoM action plan recommendation (refer 3.1) for a kayak launching and docking pontoon.	No change
4.3.11g	3	Water based recreation - no requirement for watercraft launching facilities	Comment gained from the stakeholders during the consultation and exhibition phase informed the requirement for a kayak launching pontoon (refer 3.1).	No change
4.3.11h	3	Exercise equipment - increase the provision of fitness stations	This comment supports the Draft PoM action plan recommendation (refer 3.1) for exercise stations within the park.	No change
4.3.11i	2	Picnic facilities - upgrade at Tipperary Falls	The Draft PoM action plan (refer 1.3) proposed removing the facilities in this area as there is limited opportunities for passive surveillance, which can expose picnic facilities to vandalism, and ongoing council maintenance.	Proposed change: refer 3.9.19 above
4.3.11j	3	Water edge recreation - support picnic facilities at end of Princes Street	This comment supports action plan recommendation (refer 3.1 in the Draft PoM) for picnic facilities at the end of Princes St.	No change
4.3.11k	2	Water edge recreation - do not support picnic facilities at end of Princes Street due to rubbish	Comment gained from the stakeholders during the consultation and exhibition phase informed the requirement for picnic facilities at the end of Princes St (refer 3.1 in the Draft PoM).	No change
4.3.12	Heritage – total 99			
4.3.12a	42	Non-Indigenous values - conserve and protect	This comment supports the Draft PoM action plan recommendations (refer 1.4 in the Draft PoM) to retain and protect heritage items on site. Preparation of a signage strategy is recommended in the action plan (refer 1.4 and 3.3 in the Draft PoM) to interpret the important site heritage.	No change
4.3.12b	42	Indigenous heritage values - conserve and protect	This comment supports the Draft PoM action plan recommendations (refer 1.4 in the Draft PoM) to retain and protect heritage items on site, and (refer 3.3 in the Draft PoM) for council to join the Northern Sydney Aboriginal Heritage Office.	No change
4.3.12c	13	Non-Indigenous - important to protect heritage features	This comment supports the Draft PoM action plan recommendations (refer 1.4 in the Draft PoM) to retain and protect heritage items on site. Preparation of a signage strategy is recommended in the action plan (refer 1.4 and 3.3 in the Draft PoM) to interpret the important site heritage.	No change
4.3.13	Bushland management – total 54			
4.3.13a	45	Maintenance - of	This comment supports the Draft PoM action	Proposed

No	Responses	Comment	Response	Proposed change
		bushland to be continued	plan recommendations (refer 1.1) for management/regeneration/revegetation of the Boronia Park bushland to be undertaken in accordance with the EVRP.	change: refer 3.12.11 above
4.3.13b	3	Overall - improved bushland maintenance required	Refer response 4.3.13a.	Proposed change: refer 3.12.11 above
4.3.13c	3	Maintenance - of bushland is important as well as upgrades to the park	Refer response 4.3.13a.	Proposed change: refer 3.12.11 above
4.3.13d	2	Weeding - additional in bushland required	Refer response 4.3.13a.	Proposed change: refer 3.12.11 above

5. Petitions

5.1 Petitions in favour of kayaking facilities

Two petitions were received during the public exhibition phase proposing recommendations for kayak launching facilities within Boronia Park. A total of 103 people signed the petitions, with 91 signing one and 12 the other. Those who signed did not amend or individualise the letter, and have therefore been referred to as a petition for the purposes of this report.

No.	Summary of submission	Response
5.1.1	Passionate about recreational sport, bush amenity and support kayaking.	Noted.
5.1.2	Support recommendation for water edge park infrastructure.	This comment supports the action plan recommendation (refer 3.1 in the Draft PoM) for picnic facilities at the end of Princes St. No change
5.1.3	Support recommendation for kayak launching pontoon.	This comment supports the action plan recommendation (refer 3.1 in the Draft PoM) for a kayak launching and docking pontoon. No change
5.1.4	Retain metal vehicle barrier at end of Princes Street.	The action plan has made recommendations (refer section 3.1 in the Draft PoM) to remove the metal vehicle barrier based on comment gained from the community and stakeholders during the consultation phase. Removal of the barrier provides an opportunity to install picnic facilities in this area, which are supported in this submission (refer 5.1.2 above), and improve visual access to the adjacent river. No change
5.1.5	Retain vehicle turning area at river edge.	The action plan has made recommendations (refer 3.1 in the Draft PoM) to remove the vehicle turning area based on comment gained from the community and stakeholders during the consultation phase. Removal of the vehicle turning area provides an opportunity to install the picnic facilities recommended in this area, which are supported in this submission (refer 5.1.2 above). No change
5.1.6	Retain Princes St width as-is.	The action plan has made recommendations (refer 3.1 in the Draft PoM) to reduce the width of Princes St downhill from the junction of oval #2 and #3 gate based on comment gained from the community and stakeholders during the consultation phase. No change
5.1.7	1-2 year trial period for vehicle access along entire length of Princes St during daylight hours for access to kayak pontoon,	Proposed change: refer 3.1.13 above.

No.	Summary of submission	Response
	with consideration of restricted access for locals only (e.g. auto gate or similar).	
5.1.8	Minimum would be to open the front gate into Princes St only during daylight hours.	Proposed change: refer 3.1.7 above.
5.1.9	Upgrade Princes St road surface up the junction of oval #2 and #3.	This level of detail is beyond the scope of the PoM. These works would be part of council's prioritisation and implementation of road infrastructure within the municipality. No change
5.1.10	Support amenities block between oval #2 and #3.	Proposed change: refer 3.1.5 above.
5.1.11	Support carpark between oval #2 and #3 for 60 cars.	Proposed change: refer 3.1.7 above.
