9-2-2018 Letter of support for Decontaminate HH.doc

Mr John Atkin
Madeline St
Hunters Hill

Dear John,

Thank you for our discussion by 'phone on 30th January. On Wednesday evening, at our monthly meeting, the Hunters Hill Trust Committee agreed to support the current attempts of local residents to pressure the NSW Government to proceed with its previous commitment to remove radioactive waste from the site of the former uranium smelter in Woolwich.

We are familiar with the problem, with the report of the General Purpose Standing Committee No. 5, 30 Sept 2008 and its 12 recommendations, and of the failure of government to follow through by remediating of the site. It is simply unacceptable for governments to fail to implement agreed actions.

We wish you well for your public meeting on 20 February.

Yours sincerely
